

HAVANA HORSES

NATURAL HOOF CARE

All horses at Havana Horses are barefoot. Our local ponies, crossed breeds and thoroughbreds go without iron shoes. Our domesticated horses have hard hoofs, just like the wild mustangs living in America. They have strong legs and optimal blood circulation. We use the wild horse model when we give the hoofs a natural trim.

Your horse can also be sound on its barefoot feet!

Anna van Rheeden was educated in the Netherlands and since 2005 she works as a natural hoof care practitioner, trimming the hoofs of our own and other people's horses.

Havana Horses offers a Course Natural Hoof Care, for horse owners, grooms and farriers.

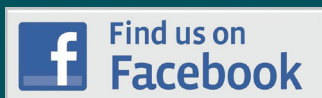

3-DAYS COURSE NATURAL HOOF CARE

- Anatomy of the hoof.
- Function of the hoof: the hoof mechanism.
- How to make the transition to barefoot.
- Natural lifestyle: living conditions, exercise and nutrition.
- Trimming: tools, theory and practice.
- Recognize the parts of the hoof in all its different shapes.
- Practice, practice, practice on the hoofs of Havana Horses or your own horse(s).

After following this course at Havana Horses you feel practiced and confident enough to trim the hoofs of your own horse! Besides, we are always ready for consultation and guidance, by email, phone or in person.

There are many benefits to keeping your horse barefoot, including:

- Improved blood flow which improves horse's overall health.
- Healthy, strong hoof walls.
- Greater shock absorption so fewer concussion related injuries.
- Quicker heart rate recovery time after exercise.
- No more worrying about shoes coming off during a ride/event.
- Lower risk of injuries when playing in the field.
- Improved traction - nature designed the hoof so it can adapt to all terrains.
- Less tripping, stumbling and forging as the horse can feel where its feet are.

PRICE

3-Days Course Natural Hoof Care for 1-4 persons at Havana Horses: Rp 2.400.000 per person, including lunch and beverages.

You need to bring strong working gloves and a leather apron to work with. If you have a horse that is barefoot, you can bring it as well.
